

July 2017

July started with our amazing Diocese Family Day! Anne Marie and I had our Marriage and Family Life table set up with loads of information about the various family ministry initiatives and were pleased to welcome people to have a look and a chat with us about anything that sparked their interest.

I had my six month review which has gone well and we are more-or-less on track with what we had hoped to achieve in these first six months. Interest in our project is consistent and we have another team trained at Our Lady and St Alphege in Oldfield Park, Bath. We are looking forward to starting our preparation sessions from September.

Our families at St Michael's and St Mary's are having their baptisms in August and we look forward to walking with them on their faith journey.

Looking forward to a break during August with a hearty 'back to work' at the beginning of September!
